team building

Your employees will leave their build day feeling **empowered, connected to each other and to the community.**

change lives

The work of Habitat for Humanity is impactful and changes lives for generations. Habitat homebuyers build their own homes alongside volunteers and pay an affordable mortgage made possible by your sponsorship. **Your investment makes a difference,** and with a meaningful partnership your team will witness the impact on a family first-hand.

brand alignment

Research shows that the Habitat brand is one of the **most recognized brands worldwide** (as recognizable as Starbucks). Our brand is trusted, beloved, and is inspiring to others. The Habitat brand ranks # 1 in several brand indexes, and in 2017, was valued at \$15.6 billion.

By partnering with Habitat you communicate to your customers, employees, and stakeholders that your business has a strong social purpose that aligns with your business objectives.

Raising the walls of a future Habitat home!

our financial model

Habitat for Humanity does not give away homes. Habitat homeowners pay a 0% interest-free mortgage on a high-quality modest home.

At Habitat, mortgage payments are reinvested to build more homes. That means when you invest in Habitat, **your gift has a lasting exponential impact** on our community.

“When employees feel that their work has meaning, they become more committed and engaged. They take risks, learn and raise their game.”
